

Membership Information

Welcome to the Central Florida Dental Implant Study Group. We are excited to learn of your interest in joining our group of professionals committed to furthering their knowledge in implant dentistry. The study group has been providing lectures, surgical demonstrations and skill set mentoring for its members and their staff for over 16 years. The group consists of generalist, specialists, laboratory technicians, product representatives and dental staff. In carrying out this commitment, new relationships are forged that that make membership professionally rewarding for all.

Our membership year begins June 1st with annual dues of \$500.00. Your membership provides you and your staff with access to all regular meetings with guest speakers, consultation with complex treatment planning, surgical and prosthetic demonstrations and an invitation for the individual member to the annual conference and holiday party.

We welcome you to attend one complimentary meeting to experience what the group has to offer you and discover the rewards and benefits the study group has given them.

Thank you again for your interest in the Central Florida Dental Implant Study Group. We welcome you to become a member of this long standing professional organization.

Sincerely,

Sharon Bruneau
CFDISG Coordinator
